15.12.2017

Dear Mr. Piergiorgio Cipriano,

Climate-KIC – Proposal Decision Letter

We are pleased to confirm that Climate-KIC Holding B.V. (**BVH**) has decided to invite Dedagroup Public Services S.r.L. P277 participating in the relevant specific Task (**Task**) associated with '**SMASH - Sustainable Mobility Analysis as Service Hub Demonstrator**' to complete a Task Set-Up Sheet/Relevant Proposal Form for Applicable SGA (**Task Set-up Sheet**). This proposal decision letter means that once the Task Set-Up Sheet is completed and submitted, BVH will review such Task Set-Up Sheet and determine whether to include the Task in a KAVA¹. Such KAVA will be as set out in Annex 1 of the applicable Specific Grant Agreement (**SGA**) agreed between The European Institute of Innovation and Technology (**EIT**) and BVH (on its own behalf and on behalf of KIC Partner Organisation and others). If the Task is successful at this stage, BVH will then issue a Task Confirmation Letter to KIC Partner Organisation confirming inclusion in an identified SGA KAVA.

This letter, BVH's invitation herein, any subsequent inclusion by BVH of the Task in KAVA, any pass through of EIT cost reimbursement and any other BVH (and group) activity and support is subject to:

- the condition that the Task Set-Up Sheet will be completed as per the proposal (subject to any conditions and agreed amendments),
- the condition that the Task is executed as detailed in the proposal, Task Set-Up Sheet and passes any stage reviews and other in-year evaluations, and

¹ KIC Added Value Activity – a term specified by EIT in accordance with Article 2(11) of the Consolidated EIT Regulations

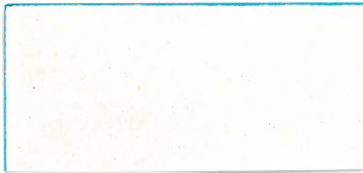

- the terms and conditions as set out in the Partnership/Community Agreement between BVH and KIC Partner Organisation whereby such agreement must remain operative for the duration of any BVH activity and support.

Please remember that, if included in KAVA, EIT's reimbursement of any costs incurred in connection with the Task and any other activity and support is subject to the terms and conditions as set out in Framework Partnership Agreement (**FPA**) between EIT and BVH as acceded to by KIC Partner Organisation and others, and SGA 2018.

Please refer to the documents, guidelines and other material communicated by BVH (on its own behalf and on behalf of EIT) from time to time including as published on our partner information page <http://www.climate-kic.org/partner-information-page/>

We look forward to working with you on this Task. Please do not hesitate to contact us should you have any questions.

Yours sincerely,

Sean Lockie
Director, Urban Transitions
